#### FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

##### Background

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §133.200, sets out procedures for insurance carriers upon receipt of medical bills.
- 28 Texas Administrative Code §134.203, titled *Medical Fee Guideline for Professional Services*, sets out the reimbursement guidelines for professional medical services.
- The services in dispute were reduced/denied by the respondent with the following reason codes:
  - Other: S0020 is not a valid procedure code.

**Issues**

- 1. Were the codes submitted valid on date of service provided?
- 2. What is the applicable rule for determining reimbursement for the disputed services?

**Findings**

- 1. 28 Texas Administrative Code §133.200 states in pertinent part, “ (a) Upon receipt of medical bills submitted in accordance with §133.10(a)(1) and (2) of this chapter (relating to Required Medical Forms/Formats), an insurance carrier shall evaluate each medical bill for completeness... (1) Insurance carriers shall not return medical bills that are complete, unless the bill is a duplicate bill. (2) Within 30 days after the day it receives a medical bill that is not complete as defined in §133.2 of this chapter, an insurance carrier shall:
  - (A) complete the bill by adding missing information already known to the insurance carrier, except for the following:
    - (i) dates of service;
    - (ii) procedure/modifier codes;
    - (iii) number of units; and
    - (iv) charges; or
  - (B) return the bill to the sender, in accordance with subsection (c) of this section. ...1. (c) The proper return of an incomplete medical bill in accordance with this section fulfills the insurance carrier's obligations with regard to the incomplete bill.”

Review of submitted documentation finds the carrier’s rejection of the claim is supported.

- 2. Procedure code S0020 is not a valid code or was not in effect on the date the services were provided. 28 Texas Administrative Code §134.403(d) requires that, for coding, billing, reporting, and reimbursement of covered health care, system participants shall apply Medicare payment policies in effect on the date a service is provided with any additions or exceptions as specified in the rule. Medicare payment policies require the accurate reporting of medical services using valid Healthcare Common Procedure Coding System (HCPCS) codes. Review of the submitted documentation finds that the procedure code reported is not recognized by Medicare as a valid HCPCS code for the date the services were rendered. This service does not meet the requirements of §134.403(d). Reimbursement cannot be recommended.

**Conclusion**

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

***ORDER***

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
